The use of torture is geographically widespread. A review by Amnesty International, which did not use the United Nations Convention Against Torture as its definition of torture, of its case files found "reports of torture or ill-treatment by state officials in more than 150 countries from 1997 to 2000".

There have been many debates on the occurrence of Bush's torture practices when Bush was in his reign. Some says that those practices are just interrogation while some others explicitly endorsed those torture practices.

## **The Torture Report "Investigating the Bush Administration**

Physicians who work in U.S. prison facilities face ethically difficult challenges arising from substandard working conditions, dual loyalties to patients and employers, and the tension between reasonable medical practices and the prison rules and culture.
