

### **validating psychological constructs historical pdf**

There is an obviously close relationship between power and responsibility. The more power one has the more responsibility one has. The opposite is also true; the less responsibility one has the less power one has.

### **Power, responsibility, and blame within models of**

Table 1: The four levels/modes of processing. Figures 3, 4, and 5 show how within the processing model, cognition depends upon context. The effectiveness of the contribution of processing activities at each of these levels / modes, depends on the cognitive requirements posed by the specific context.
